

**RGH Chartered Professional Accountants, Bedford, NS**  
**Senior Accountant/Supervisor**

Do you have five years of accounting experience post CPA designation, with broad exposure to corporate income taxation? Do you enjoy working with newer members of the profession and sharing your knowledge with them? Two years' of supervisory experience will ensure success in this aspect of the position.

Our people enjoy working with clients and finding solutions for their business that goes beyond just accounting and tax. That doesn't stop us from paying particular attention to the implementation of tax strategies that are aligned with their business objectives. We're strong team players who support each other in reaching their goals while also considering our own workload and development. We have a genuine passion for tax, and the future of tax, and are inspired to help the small, medium and large businesses reach their potential.

Our firm uses the latest technology and is above the curve in its use in how we service our clients. Are you curious about how we do this? How proficient are your computer skills?

This is a great opportunity for your professional and career growth. We will support your continuing education so you can be successful in your work today as well as pursue an additional specialization for tomorrow's challenges. As a member of a regional professional association, we have the supports you would find with a national firm but here you are enjoying the feel of the smaller firm.

If all of this sounds good to you, please send your resume to [Diane@dianewooden.com](mailto:Diane@dianewooden.com). We'll get back to you right away!
